24-HOUR TIME CONVERSION CHART

In order to alleviate errors inherent in the 12-hour clock, the University uses the 24-hour or military time system. The following clock should assist you in making the necessary conversions:

1. **CREDIT HOUR LIMITS**—Students are limited to a certain number of credit hours for which they can register. These limits do not necessarily indicate the ideal or recommended credit hour load, and can be changed once the Drop/Add period begins.

College or School	Maximum Credit Hours allowed at Registration
Arts and Sciences	17
Business and Administration and Graduate Business	17*
Design and Planning	17
Education	19
Engineering and Applied Science	unlimited
Graduate School	15**
Journalism and Mass Communication	17
Law	16
Music	19
Pharmacy	19

*also maximum per semester

**maximum number of credit hours that may count toward a degree each fall and spring

Students in all colleges and schools should check the *Catalog* or with their dean's office for details on maximum number of credit hours allowed each semester.

2. **CONTROLLED ENROLLMENT COURSES**—For courses designated in the *Schedule of Courses* with an 800-series section number and the statement "Secure a Controlled Enrollment Form," the student must obtain an Independent Study/Thesis Approval and Controlled Enrollment Form from the department offering the course. Availability of these forms is determined in each department and will range from a week before Registration to the actual days of Registration.

Students must complete the Independent Study/Thesis Approval and Controlled Enrollment Form AND the Course Request Form. BOTH forms must be submitted at Registration. A request for a Controlled Enrollment course on the Course Request Form will not be honored unless accompanied by the completed Independent Study/Thesis Approval and Controlled Enrollment Form.

3. **INDEPENDENT STUDIES**—Students registering for courses with sections numbered 900 or above (Independent Study, Thesis, Candidate for Degree, etc.) MUST pick up an Independent Study/Thesis Approval and Controlled Enrollment Form from the department offering the course.

The student must complete the Independent Study/Thesis Approval and Controlled Enrollment Form AND the Course Request Form. BOTH forms must be submitted at Registration. A request for an Independent Study/Thesis course on the Course Request Form will not be honored unless accompanied by the completed Independent Study/Thesis Approval and Controlled Enrollment Form.

4. **CANDIDATE FOR MASTER'S DEGREE**—Students enrolled only as "candidate for master's degree" to take a comprehensive examination for a master's degree, course number 999, will receive 3 hours of credit and a grade of either pass or fail for each semester the course is taken. This course will not fulfill the minimum credit hour requirement for the master's degree. Only students who must be registered to take comprehensive examinations or to defend their thesis, but have completed all necessary course work and thesis hour requirements, should register as "candidate for master's degree." Students must register for this course during regular Registration dates. Tuition charges will equal 60 percent of 3 credit hours for in-state or out-of-state (whichever is applicable).

C. Filling Out and Submitting the Forms

USE A NUMBER 2 OR MARK-SENSE PENCIL

1. **Course Request Form** is the 8½" x 11" form printed in orange.

a. If your student name and number are printed on the Course Request Form, verify the information. If they aren't printed, use a number 2 or MARK-SENSE pencil to enter your student number* in the bubbles and the other information on the lines.

b. Enter one course in each course box. In the boxes and the bubbles, enter the department number, course number, credit hours, and section numbers.

A lecture section number is required; lab and recitation numbers are entered in the same course box when applicable. If there is no lab or recitation for a course, leave those areas blank.

Some laboratory classes are set up as separate courses (e.g., EPOB 123, 124). These courses must have a separate box filled in with the department, course, and section number (not lab number) indicated.

Be sure to mark the NONCREDIT bubble if you want NC for the course.

c. Be sure to include all zeros when filling in bubbles (as in section 001).

2. **Deposit Form** does not need to be filled out. If you qualify for a waiver (scholarship, etc.), you must submit this form to the appropriate office for processing, not to Final Check Clerks at Registration. Waivers will not be processed automatically.

3. **Optional Fee Form** is the 8½" x 11" form printed in blue. It must be turned in at Registration with student number, name and signature completed and any optional fees marked that the student wishes to select. The area for health insurance must be checked with a **yes** or **no** answer.

4. **Independent Study/Thesis Approval and Controlled Enrollment Form** must be completed accurately. To use the form for an Independent Study, indicate the appropriate term and year. Fill in your name and student number,* the department number, the course number, the number of credit hours, and the instructor's name (use first and middle initial and last name). Do not bubble-in the section, lab, or recitation number. Approval is required from the instructor and/or department.

To use the form as a **Controlled Enrollment Form**, fill in your name and student number.* If the course is for variable credit, indicate the credit hours. No signatures are required.

*For record keeping and identification purposes only.

Priority in classes will be given to those students who complete their Registration **correctly and on time**. Students must turn in materials, pay their deposits, and pick up their Class Schedules on these designated dates:

Continuing Students	New and Returning Former Students
Registration May 1-3	Registration on or before August 28
Tuition deposit due by 4:00 p.m., July 8	Schedule and Bill Pickup Monday, September 2, Labor Day
Schedule and Bill Pickup Monday, September 2, Labor Day	

* New Arts and Sciences Freshman and Transfer students register on or before August 28.

Failure to meet these deadlines may result in assessment of late fees or the student not being allowed to register for Fall Semester 1985.

STUDY ABROAD?

"Sure, I'd love to. How do I go about it?"

You need to plan early. First, come to our office and talk about which program might be right for you. Then speak with your college and departmental advisors to see how study abroad fits into your degree plans. Study abroad on a CU program is granted credit as if the work were done on the Boulder campus. Scholarship money is available. Come see us today.

D. Faculty/Staff

The following is an outline of procedures. For more information, please pick up a copy of the Faculty/Staff Information Sheet at the Bursar's Office, Regent 150.

1. CATEGORIES

- Special Students (not degree-seeking students) must reapply every semester.
- Continuing degree-seeking students enrolled Spring Semester 1985 on the Boulder Campus will be set up automatically for Fall 1985 Registration.
- Former and Campus-Change Students (not enrolled on the Boulder Campus Spring Semester 1985) must reapply.

2. APPLICATION AND SET-UP PROCEDURES

- All staff and faculty who wish to enroll for Fall 1985 must take a copy of their PAF and a signed Supervisor Approval Form to the Accounts Receivable section of the Bursar's Office, Regent 150, by August 16, 1985, between 9:00 a.m. and 4:00 p.m. Supervisor Approval Forms are available at the Bursar's Office, Regent 150.
- Special Students and new degree students must complete the appropriate application (from Regent 125 Information Window) and submit it with a copy of their PAF and signed Supervisor Approval Form to Accounts Receivable in the Bursar's Office, Regent 150.

3. REGISTRATION PROCEDURES—FALL 1985

- To take advantage of the free credit hours (6 credit hours per academic year for full-time faculty and staff), faculty/staff must register Tuesday, September 3. Faculty/staff Registration Instructions and Permits to Register may be picked up after 8:30 a.m. on September 3 in Regent 125. Add Forms may then be picked up from the departments, and all Registration materials turned in to the Accounts Receivable Section of the Bursar's Office by September 20.
- Faculty/staff students who have used free credit hours before Fall 1985 may register at Registration and pay appropriate tuition and fees for course(s).

No mandatory student fees will be charged for those courses in which a student enrolls September 3 or later. If a student registers early and pays tuition for the course(s), student fees will be charged. In addition, all students will be assessed a Student Information System Fee of \$4.00 for freshmen, sophomores, and juniors, and \$2.50 for all others. This fee is not covered by the tuition waiver.

Schedule and Bill Pickup

Student Class Schedules and Tuition and Fee Bills must be picked up Monday, September 2, between 8:30 a.m. and 4:30 p.m. Student Photo IDs will be validated at this time at the following locations. Students' Class Schedules will not be released before this date.

Photo ID hours are between 11:00 a.m. and 4:00 p.m. any weekday. You must present some type of photo identification to receive your CU-Boulder Photo ID.

New Freshman, New Transfers, New Graduate, and Returning Former Students New to the Boulder Campus for Fall Semester 1985

You may obtain a Photo ID once you have confirmed your acceptance to CU-Boulder. The initial ID is free of charge; replacement IDs cost \$6. Photo ID hours are be-

tween 11:00 a.m. and 4:00 p.m. any weekday. You must present some type of photo identification to receive your CU-Boulder Photo ID. If you do not receive your Photo ID before the start of classes, you may obtain one beginning Monday, September 2, through Friday, September 13, 8:30 a.m.-4:30 p.m. Beginning Monday, September 16, Photo ID hours will be 11:00 a.m.-4:00 p.m. any weekday. All IDs will cost \$6 beginning on September 16.

DROP/ADD PROCEDURES

Special Note

The Add deadline will be in effect unless enrollment levels are reached before September 20.

- Students will be allowed to Drop and Add through Friday, September 20, with no signature required on the Drop/Add Form. A current, validated ID or a copy of your Class Schedule is required for students to drop or add. The Add deadline for Business students is September 6.
- No ADD, including Independent Study and Thesis, will be allowed after September 20, 1985.
- After September 20, the instructor must sign DROP Forms. Students must be passing a course at the time it is dropped. A W will remain on the transcript for courses dropped at this time.
- You will be charged for any courses dropped after September 20.
- Starting Tuesday, October 15, 1985, courses may not be dropped unless there are circumstances clearly beyond the student's control (accident, illness, etc.); in addition to the instructor's approval (as in 3 above), students must obtain approval from their academic dean.
- Validated receipts are provided for all students who turn in Drop/Add Forms at the Office of Registrations, Regent 125, between 9:00 a.m. and 4:30 p.m. It is the students' responsibility to retain this receipt.
- It is not necessary to secure Drop Forms if you are withdrawing. Students who are withdrawing should not drop their only or last class, because an administrative withdrawal will be processed with no refund (see Withdrawal Policy and Refund Schedule #1. below).

PASS/FAIL OPTION

- Before enrolling in courses on the Pass/Fail option, students should consult their college and school requirements and restrictions concerning Pass/Fail enrollment to ensure an approved Registration. Students may pick up Pass/Fail Forms from either the Registration Final Check Clerks on September 2 or at the Office of Registrations, Regent 125.

LECTURE NOTES...

For the past 4 semesters, CLASS QUOTES LTD. has supplied over 10,000 students at the University of Colorado in Boulder with lecture notes from the following classes:

AEROSPACE 130	CHEMISTRY 101, 103, 104, 108	GEOLOGY 101	PHYSICS 112, 114, 215, 301, 302

Completed Pass/Fail Forms must be turned in at the Office of Registrations before 4:00 p.m. on Friday, September 20. Students will be given a validated receipt upon submission of the Pass/Fail Form. It is the student's responsibility to retain this receipt. After Friday, September 20, it will not be possible for a student to request Pass/Fail or to reverse the request.

2. The record of Pass/Fail Registration is maintained by the Office of Registrations.

3. Academic deans and faculty will not be aware of specific Pass/Fail Registrations. For example, all students who are registered on a Pass/Fail basis appear on the regular class roster and a letter grade is assigned on the final grade roster by the professor.

When grades are received in the Office of Registrations, those courses requiring a Pass/Fail designation are automatically converted by the grade application system. Grades of D- and above convert to a grade of P. Grades of F would equal a letter grade of F.

4. Grade point average is only affected by an F. A grade of P is not calculated into a student's GPA.

5. Only 6 credit hours or two courses (whichever is greater) may be taken Pass/Fail in a given semester.

GRADING SYSTEM

P = Passed

IF = Incomplete. Regarded as F if not completed within one year.

IW = Incomplete. Regarded as W if not completed within one year.

NC = No Credit

IP = In Progress

Undergraduate students may pick up their fall semester grade reports at their dean's office, and graduate students may pick up their grade reports at their major department office approximately three weeks after the end of finals.

WITHDRAWAL POLICY AND REFUND SCHEDULE

1. Failure to officially withdraw makes students liable for the full amount of tuition and fees assessed for Fall Semester 1985 (in compliance with the Board of Regents ruling on August 18, 1971).

2. Failure to officially withdraw will result in a failing grade being recorded for every course students were sectioned into for Fall Semester 1985.

3. Official withdrawal is completed in the Office of Registrations, Regent 125. Before classes start, you may send a letter stating your intent to withdraw to the

Withdrawal Coordinator, Office of Registrations, University of Colorado at Boulder, Regent Administrative Center 125, Campus Box 7, Boulder, Colorado 80309. Refer to refund schedule below.

4. Undergraduate students who fail to pick up their Class Schedules by 4:00 p.m., Friday, September 20, will be automatically withdrawn from school and assessed their tuition deposit.

5. It is not necessary to secure Drop Forms if you are withdrawing. Do not drop your only or last class, because an administrative withdrawal will be processed with no refund (see #1. above).

6. Students are responsible for having all services selected on the Optional Fee Form at Registration removed at the time of withdrawal. Otherwise, fees for Student Health Insurance, Coloradoan, etc., will become a financial obligation.

If a student withdraws from the Boulder Campus, adjustments or refunds of the total tuition and fees are made as follows:

Withdrawal Period

a Student Information System Fee of \$4.00 for freshmen, sophomores and juniors, and \$2.50 for all others. Also, students registered for 4 or more credit hours are assessed a \$10.00 fee for intercollegiate athletics (by the Board of Regents).

EXTRA TUITION SURCHARGE: For every credit hour **OVER 17** for which a student registers and retains past September 20, there will be a tuition surcharge.

Tuition and Fee Regulations

The amounts quoted here are from Spring 1985. Fall rates will be announced in *Schedule and Bill Pickup Instructions*.

- 1. Student Responsibility for Payment:** Failure to receive an official University billing will **not** relieve the student of responsibility for payment of the Tuition and Fee Bill by the established date.
- Students will be assessed tuition for the number of credit hours for which they are registered on September 20, 1985.
- No tuition adjustment will be made for courses dropped after September 20.** However, tuition for classes **added** will be assessed and billed. Students will be assessed a surcharge for each credit hour they are enrolled over 17 credit hours.
- Tuition for a NO CREDIT course is the same as a course taken for credit.**
- Tuition for a zero (0) credit hour course is charged at the rate of a one credit hour class.
- ALL STUDENTS** taking one course of 5 or fewer hours will be assessed the base fee of \$15.70. These students will receive a NO FEES ID validation sticker and will not be allowed to use UCSU facilities or services without payment. In addition, doctoral students taking thesis only, master's candidates for degree, approved doctoral candidates, and fifth year pharmacy students will pay the base fee of \$15.70.
- Supplemental Health Insurance is available for an additional \$78.42 per semester. Students electing the health insurance will also pay full student fees of \$119.35 regardless of their course load. **EXCEPTION:** Approved doctoral candidates requesting *only* the use of the Wardenburg Student Health Center will pay fees of \$64.09.
- STAFF/FACULTY TUITION RATES**—Full-time faculty and staff are entitled to 6 credit hours per academic year at no charge and **must** register beginning September 3 if these benefits will be used. **FEE REGULATION CHANGE:** No student fees will be charged for those

courses in which a faculty/staff student enrolls for September 3 or later. If a student registers early and pays tuition for the course(s), student fees will be charged. In addition, all students will be assessed a Student Information System Fee of \$4.00 for freshmen, sophomores, and juniors, and \$2.50 for all others. This fee is **not** covered by the tuition waiver.

9. MATRICULATION FEE—There is a one-time non-refundable matriculation fee of \$15 for new degree students. This fee will be assessed at the time of initial Registration. The matriculation fee covers processing charges for adding or dropping courses and for official transcripts. A Special Student who is admitted to degree status will be assessed a \$15 matriculation fee at the time of the student's first Registration after the change has been made.

10. Mandatory student fees (\$134.40) may be waived only under the most extraordinary circumstances, such as a physical absence from campus for the semester, living outside a 50-mile radius of Boulder, or an extreme physical handicap that renders it impossible to use these fee-supported services or facilities. If fees are waived, students must still pay the base fee of \$15.70. Students who wish to petition for a waiver of the fees must do so by 4:00 p.m. on October 18. No late petitions will be accepted. Petitions may be picked up at the Bursar's Office, Regent 150, and must be turned in with documentation of the reasons for waiving the fees to the Student Administrator to the Chancellor in the Office of the Vice Chancellor for Academic Services, Regent Administrative Center 307. In addition, any student who elects to be covered by the Student Health Insurance must pay full student fees, except Approved Doctoral students who will only pay partial fees.

Deferred Tuition

The option of deferring one-half your total Tuition and Fee Bill until October 18, 1985, is available by completing an application on or before **September 13**. The first half of your bill will still be due by 4:00 p.m., September 13. Please be aware that the deferred balance will be subject to a 1 percent per month finance charge. **If you have any doubt** at all about being able to pay your **full** Tuition and Fee Bill by September 13, please take advantage of this option. To qualify, your total bill at the time of application for deferred tuition must exceed \$100. The deferred amount will be calculated on the account balance at the time of deferment. Please refer to the Schedule and Bill Pickup Instructions for location of deferred tuition applications.

Penalty for Failure to Pay Full Tuition and Fee Bill by Deadline

Except for those students who have made prior arrangements for deferred payment, deadlines will be **strictly enforced**. You will be penalized if you fail to meet the published deadlines, so it is important for you to understand at the outset what those penalties are. **You may:**

- Be assessed a late payment charge, in addition to the 1 percent monthly interest on the unpaid balance, according to the following schedule:
- | Balance Due | Late Charge |
|--------------|-------------|
| \$ 1—\$99.99 | \$ 5 |
| 100—299.99 | 10 |
| 300—499.99 | 20 |
| 500—699.99 | 30 |
| 700—899.99 | 40 |
| 900 and over | 50 |
- Be disenrolled from the University and become ineligible for all University services.
 - Receive no grades for courses in progress.
 - Not be permitted to register for future semesters.
 - Receive no transcripts or diplomas.
 - Have your account turned over to a collection agency.

* DISENROLLMENT POLICY *

Students who fail to meet their entire Tuition and Fee Bill obligations by October 18, 1985, and who have not previously made satisfactory financial arrangements with the University will be subject to **IMMEDIATE DISENROLLMENT** from the University and may lose all credit for course work taken during the semester.

In order to be reregistered, students who are disenrolled must pay late and service charges as well as a **Late Registration Fee**, charged according to the following schedule:

October 21–November 1, 1985	\$20
November 4, 1985	\$25
November 5, 1985 and thereafter	\$30

Students who are disenrolled and who fail to be reregistered remain liable for full payment of all unpaid charges, including tuition and fees.

Residency Status

Completed petitions for changing residency status are due in the Office of Records, Regent 125, by 4:00 p.m., August 1, 1985.

Back to Basics

FOR MORE THAN 100 YEARS, students have been making history on the Boulder Campus. While things have changed quite a bit since 1877 when Old Main first opened its doors, the University still maintains its commitment to make students feel at home here. That is one reason why the **Student Handbook** was created.

The 1985-86 edition is guaranteed to take you back to the basics historically, as well as to bring you up-to-date with current campus information on more than 100 topics of interest to students. If you'll be living on campus, you will find this handy reference guide waiting in your room when you arrive.

Undergraduates and new graduate students who live off campus will receive copies by mail about three weeks after the semester begins. If you do not receive your free copy, you may pick one up at the Information Window, Regent 125, while supplies last.

GENERAL INFORMATION

Academic Integrity

A University's intellectual reputation depends on maintenance of the highest standards of intellectual honesty. Consequently, commitment to those standards is a responsibility of every student and every faculty member at the University of Colorado.

Breaches of academic honesty include plagiarism, cheating, and the unauthorized possession of exams, papers, or other class materials that have not been formally released by the instructor.

Plagiarism. In all academic areas, it is imperative that work be original or that explicit acknowledgment be given for the use of other persons' ideas or language. In a term paper, for example, failure to use quotation marks, even if a footnote source is provided, is plagiarism.

Students should consult with their instructors regarding specific standards or procedures appropriate in each given field.

Cheating. Cheating takes place in different ways; basically, it involves dishonest behavior, such as copying from another person or obtaining any form of unauthorized help or assistance from any person or source.

Sanctions. Breaches of academic honesty will result in disciplinary measures. These can include:

- A failing grade for a particular assignment
- A failing grade for a particular course
- Suspension for various lengths of time from the college or school in which the student is enrolled
- Permanent expulsion from the college or school in which the student is enrolled
- Suspension or permanent expulsion from the University

Breaches of academic honesty are under the purview of each college and school pursuant to the *Laws of the Regents*, Article V, Section C. For further information, consult your associate dean's office.

Affirmative Action

The University of Colorado is an affirmative action/equal opportunity institution and does not discriminate on the basis of race, sex, religion, color, age, national origin, individual handicap, or veteran's status in any aspect of employment or treatment of students. The institution's educational programs, activities, or services offered to students and/or employees are administered on a non-discriminatory basis subject to the provision of Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1973, the Vietnam Era Veteran's Readjustment Act of 1974, and Section 504 of the Rehabilitation Act of 1973. For information about these provisions, discrimination, or fairness, consult the Department of Human Resources and Affirmative Action, Armory Building, Room 119, or telephone (303) 492-6706.

Family Educational Rights and Privacy Act of 1974

Certain information is considered public or "directory information." Such information may be released to anyone unless the students inform the Office of Records they do not wish the information released.

"Directory information" includes name, address, phone number, date and place of birth, major field of study, participation in university activities or sports, dates of attendance at the University, full- or part-time enrollment status, degrees and awards received, educational institutions attended, and weight and height of athletes.

To prevent names, addresses, and telephone numbers

from appearing in the 1985-86 Directory, students must go to the Office of Records before September 18 to request that directory information about them be withheld. A new request must be made each semester.

A complete summary of the University policy on the release of student information is available in the *University of Colorado at Boulder Catalog*, the *Student Handbook*, and the Office of Records, Regent 125, (303) 492-6170.

Final Examination Policy

It is the policy of the University of Colorado, Boulder, to adhere to the final examination schedule as published in the *Schedule of Courses* each semester. While it may be appropriate not to give a final in some cases, such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses.

Exceptions to this policy should be agreed upon by the faculty member and the chairman of the department no later than the beginning of the semester in which an exception is requested. The resulting decision should be announced in writing to students in the class during the first week of classes.

In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators in order to assure fairness and the best possible educational experience for students:

1. The scheduled final examination period should be considered an important part of the course and used as a final examination period or for additional instruction.

2. The final examination in a course should be given as scheduled and not at other times **even if the faculty member and all students in a course agree to such a change.**

3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.

4. **Individual students** may be granted a variance from these policies provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances), and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.

5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Such arrangements must be made no later than the end of the sixth week of the semester (i.e., at the end of the drop period). Students will be expected to provide evidence that they have three or more examinations in order to qualify for exceptions.

6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempted from final examinations. Such exceptions are inappropriate on both procedural and academic grounds.

Intercampus Registration Procedures

Option 1—Boulder Campus students who wish to take course work on another campus of the University of Colorado may be able to register on that campus independent of the Boulder Campus Registration. However, the student must apply for admission to and follow the Registration procedures established by the other campus. Be sure to check with your dean's office for approval. Arts and Sciences students may not register at UCD or UCCS except in the summer.

Option 2—Boulder Campus students who are unable to obtain courses required for their degree programs on the Boulder Campus may exercise the Concurrent Registra-

tion option. Students enrolled for a minimum of one course on the Boulder Campus may be allowed to register for up to two courses or 6 credit hours, whichever is greater, on another University of Colorado campus. The course work must be required for their degree programs, they must have their dean's permission, and enrollment levels must not have been reached on the host campus.

Boulder students exercising this option will pay tuition for their TOTAL credit hours at Boulder Campus rates. Concurrent Registration Forms and instructions are available at the Information Window of the Office of Registrations, Regent 125, between 9:00 a.m. and 4:30 p.m. after the Drop/Add period has begun at the host campus.

Student Conduct

The Standards of Conduct and the procedures for implementing them have been developed by a committee composed of students, faculty, and staff. In establishing these Standards, we have taken into account your rights as an individual, as well as the general welfare of the University community.

The University would be remiss in its responsibility to you and the community if it ignored behavior that violates the rights of others. It is also essential that everyone shares in the commitment to protect the integrity and personal safety of each member of the University community.

The intent of these Standards is not for use in incidents involving trivial or minor matters. Rather, they are intended for use in incidents threatening the basic functioning of the University or the personal safety of its members.

As a member of the University community, you are held accountable not only for civil and criminal laws, but University Standards as well. University sanctions can be imposed when policies are violated; the sanctions include, but are not limited to, suspension and permanent expulsion.

Any time you have questions regarding the application of University Standards or feel that another person has subjected you to behavior that interferes in any manner with your rights, public or private, we encourage you to talk with the staff member closest to the situation. Further information is available from the Office of Student Conduct, 492-5550.

Time Out Program (TOP)

The Time Out Program is a planned leave program for University of Colorado at Boulder students who are currently enrolled in good standing in their college or school and whose dean approves their leave for a minimum of one semester or a maximum of one year to pursue academic or nonacademic interests. (Example: after completing a Fall Semester in December, the student returns the following September or a year later in January.) With prior approval from their dean, students may take courses at another campus of the University of Colorado or at another college or university while in TOP.

TOP will guarantee the students a place in their current college or school and in their current major when they return to classes. In addition, Intrauniversity Transfer is available to students in TOP. Certain restrictions do apply, however, for some colleges and schools. TOP participants may register for classes by mail, and reapplication to the University is not necessary. Additional information and TOP applications may be picked up from the Office of Registrations, Regent 125. A nonrefundable \$20 program fee is required at the time of application to TOP. The TOP application must be submitted no later than the six-week drop deadline date for the semester the student begins TOP.

General Information

The Academic policies, rules, and regulations of the College and University are printed in the *1985-86 University of Colorado at Boulder Catalog*. All students are responsible for knowing and following the provisions set forth in the *Catalog*. Any questions concerning those provisions are to be directed to the College Office, Old Main 1B-85. The College cannot assume responsibility for problems resulting from a student's failure to follow the policies stated in the *Catalog* or from misadvice given by someone other than a staff member of the College.

ADMINISTRATIVE DROPS

During the Drop/Add period, students may be administratively dropped for nonattendance in courses in the College of Arts and Sciences. Courses in which this policy is used are listed under department headings or students are advised of its applicability on the course syllabi. In the absence of such statements the policy is not in force in the class.

GRADUATION FROM THE COLLEGE OF ARTS AND SCIENCES

Any student wishing to graduate from the College of Arts and Sciences at the end of a given semester must notify the dean's office, Old Main 1B-85, in the semester preceding. **The College of Arts and Sciences takes no responsibility for graduating a student when the student has not met the above deadline due to the student's own negligence.**

Area Requirements

As a liberal arts college, the College of Arts and Sciences has the responsibility of making available to its students a balanced program which will satisfy the legitimate claims of individual interest and aspirations and ensure that those who graduate have pursued a directed, coherent educational experience.

Candidates for the liberal arts degree are expected to be literate in their own language, to have at least a minimal acquaintance with a language other than their own, and to be familiar with the subject matter and methodology of the three broad areas of learning represented by the Humanities, the Natural Sciences, and the Social Sciences. These expectations generate the college area requirements.

Each student seeking the B.A., the B.F.A., or the B.S. degree in the College of Arts and Sciences must complete two 2-semester course combinations in each of the following areas: Humanities, Natural Science, and Social Science. See the description in the College List following.

In addition to the above, students seeking the B.A. or the B.F.A. degree must demonstrate in one of three ways a third-semester proficiency in a classical or modern foreign language: (a) by completion of a level-III high school foreign language course, (b) by completion of an appropriate third-semester college course, or (c) by a proficiency examination administered by one of our foreign language departments.

THE COLLEGE LIST

The College of Arts and Sciences College List consists of three divisions. Each division represents one of the area requirements: **Humanities, Natural Science, Social Science**. Within these divisions the courses are listed by departments in first- and second-year sequences. Courses joined by a hyphen are considered a sequence. Both courses must be completed in order to fulfill one-half an area requirement.

To fulfill the second half of the requirement, students who have successfully completed a first-year sequence in a given department may choose either to take a second-year sequence in the same department or to complete another first-year sequence in a different department listed in the same area requirement division.

Courses on the College List may not be taken Pass/Fail.

COLLEGE OF BUSINESS AND ADMINISTRATION AND GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

Charles M. Lillis, Dean

Undergraduate—Business 204, 492-1257

Graduate—Business 230, 492-1831

General Information

Any question concerning college of business policies are to be directed to the college office. The college cannot assume responsibility for problems resulting from a student's failure to follow the policies stated in the *Catalog* or from misadvice given by someone other than a staff member of the College of Business. College policies are explained on pages 99-114 of the 1985-86 *University of Colorado at Boulder Catalog*.

Administrative Drops—Business faculty may drop students for nonattendance in class or if all prerequisites have not been met. Students are responsible for checking with their instructors concerning attendance policies.

Course Load—Business students may register for a maximum of 17 semester hours of course work during the fall or spring semesters and a maximum of 6 semester hours during a 5-week summer term.

Drop/Add—Business classes may not be added after Friday, September 6. All class assignments are made on a space available basis. Business students and official combined Business majors may add Monday, September 2, through Friday, September 6. Non-business students may add only on Friday, September 6, providing space is still available. Students may drop Business classes according to University deadlines.

Elective Credit—Elective credits should be selected carefully as not all classes are acceptable. Generally, to be acceptable, electives must be taught by regular University of Colorado faculty, must have a form of assessment such as a term paper and/or examinations, and must be regular classroom type classes. Course coverage must be college-level, not repetitious of other work applied toward the degree, must be academic as opposed to vocational/technical, and must be part of regular University offerings.

Specifically, the college will accept:

- A maximum of 6 semester hours of theory physical education, recreation, or dance and
- A maximum of 12 semester hours of advanced ROTC providing the student is enrolled in the program and completes the total program and
- A maximum of 6 semester hours of approved independent study, experimental studies, choir, band, music lessons, and art lessons.

The College will NOT accept:

Activity physical education, recreation, workshops, orientations, dance, teaching methods, practicums, certain teacher education classes, credit for internships, and certain classes offered at the Center for Interdisciplinary Studies and Arts and Sciences.

The above examples are not exclusive, but are intended to provide guidelines. The College of Business reserves the right to disallow any credit that is not appropriate academic credit as determined by the College. For further information, consult the Office of Undergraduate Studies.

DEPT NO.	DEPT	CRS NO.	CR	TITLE OF COURSE	SEC	TIME	DAYS	BLDG ROOM	INSTRUCTOR	LIMIT	
				Incomplete Grades —Incomplete grades are given only in documented and extenuating circumstances clearly beyond the student's control. IF is the only incomplete grade given by the College of Business. The student is expected to complete the requirements (e.g., final exam, term paper) within the established deadline and not retake the entire course.						10	
				Information for Graduating Seniors —Prospective graduates must file an application to graduate with the dean's office, and request a senior audit before registering for their last semester. Failure to do so will delay graduation. Also, students desiring to change their area of emphasis after the senior audit has been completed must have the change approved by the graduation supervisor no later than the first week of class of their final semester. Changes after that time will delay graduation.							99
				Intrauniversity Transfer —Students who wish to transfer to Business from another college or school of the University, or to apply for admission to a combined program, must formally apply at the Undergraduate Advising Office, Room 204, within the October 1 deadline established by the College of Business. Applicants must be enrolled on the Boulder Campus at the time of application and have completed a minimum of 15 semester hours at the University of Colorado before applying. A limited number of students are admitted to the College each term by IUT and when the quota is filled, applications will not be accepted until the next term. Admitted students must enroll on the Boulder Campus the term admitted or the IUT is void.							97
				No Credit —Due to space limitations, Business classes may not be taken on a No Credit or audit basis.							81
				Prerequisites —Students registering for courses without having completed appropriate prerequisites or who do not have the appropriate class standing may be administratively dropped from Business classes. Business majors are defined as students officially enrolled in the College of Business and Administration or an official combined program.							81
				Repeating Courses —Repetition of work either at the University of Colorado and/or elsewhere, or below college level work, is not acceptable toward a B.S. degree in Business. Grades of D earned at this institution count toward graduation and courses need not be repeated. The College of Business and Administration does not remove Fs or change grades if a course is repeated. All work attempted will appear on permanent records.							90
				Summer Work —Business students planning to attend another institution during the summer should have their proposed course work approved by a Business advisor before leaving campus. Students planning to attend another institution during the academic year should be aware that their residency in the College may be affected, and should consult with an advisor. The last 30 hours of CU Business courses must be taken in residence after admission to the College and must include the area of emphasis. Students must be in residence at the campus awarding the degree and registered as a Business degree student during the term of graduation.							20
				Transfer Credit —Transfer work from other institutions is evaluated first by the University of Colorado Admissions Processing, but final degree determination is made by the College of Business. Transfer credits from unaccredited institutions will not apply toward the Business degree. On questions of substitution of required courses, comparison of catalog descriptions will be made. Students are responsible for providing course descriptions. Transfer credit for Business courses taken at a lower-division level is limited to only such courses as the College offers at that level.							20

*These courses must be completed before starting upper division ENVD courses—that is, course number 300 or above.

Emphasis Area—These are preprofessional design specialization in architecture, urban design, landscape, interior, or planning. Your upper division ENVD courses should be taken to support your chosen emphasis area. An emphasis area consists of a set of ENVD courses and related support electives from other departments. The Division provides listings of approved courses for each emphasis area. The semester before you enter the upper division, you should consult these listings.

Support Electives—You must take at least 15 semester credits of approved course work outside the department that supports your emphasis area. This course work is listed with emphasis area requirements available from the Division. Nine of the 15 semester credits must be in the upper division (300 and 400 level).

Requirements for students admitted before Fall 1983 who are continuing under the old ENVD curriculum:

- A. Environmental Design Studio** 36 hours (6 semesters, 6 hours each)
Must include at least one 200-level, one 300-level, and two 400-levels.
- B. Collateral Courses**
 - ENVD Graphics 2 semesters, 3 hour each (ENVD 220, 221)
 - ENVD Natural Science/Tech 3 semesters, 3 hours each (ENVD 130, 230, 231)
 - ENVD Societal Science 3 semesters, 3 hours each (ENVD 110, 210, 211)
 - ENVD History/Theory 1 semester, 3 hours (ENVD 170)
- C. Required courses in other colleges and schools of the University:**
 - Mathematics** (calculus—MATH 130—for prearchitecture students, or statistics)
One semester of PHYS 301 with lab and a course in English composition or expository writing.
- D. Elective Courses**—Students should include upper division courses in arts, humanities, physical sciences, business, engineering, or other appropriate units in their curriculum. Elective courses may be selected from any department on campus in consultation with faculty advisors. These courses include a broad spectrum of offerings from other colleges and schools as well as the College of Design and Planning, but should support declared emphasis or specialization declared in the second year of the program.

Total Hours Required for Graduation = 128

Undergraduate—Education 247, 492-6555
Graduate—Education 124, 492-6937

General Information

All students should read and adhere to the policies, rules, and regulations as given in the School of Education section of the *University of Colorado at Boulder Catalog* and in the Graduate School section when the latter is applicable.

Certification students are responsible for knowing the information given in the *Advising Manual*, which should be picked up in Education 247. Additional information for Graduate students is given in the *Graduate Student Handbook* which should be picked up in Education 130.

For both elementary and secondary certification students, admission to the certification program requires a 2.50 GPA. Students must also meet certain criteria and competencies in reading, writing, mathematics, and speech.

COLLEGE OF ENGINEERING AND APPLIED SCIENCE

A. Richard Seebass, Dean

General Information

The requirements and policies of the College and the University are printed in the *1985-86 University of Colorado at Boulder Catalog* and the *College of Engineering Student Survival Guide*. All students should become familiar with these requirements as well as with the specific requirements of their major department.

Students should also refer to the front of this *Schedule of Courses*, which outlines the Standard Grading System, Pass/Fail, Drop/Add, and withdrawal procedures. These instructions provide important information relative to the rules of the University of Colorado, Boulder.

Because of the required lead time to publish the *University of Colorado Catalog*, changes in University and/or college rules and policies may occur in the interim. It is the student's responsibility to be aware of revisions. This can best be accomplished by consulting with departmental advisors, checking departmental bulletin boards, and reading the latest *Student Survival Guide* and the narrative preceding each semester's College of Engineering *Schedule of Courses* listing.

FACULTY ADVISORS

Advising is available through departmental offices of the College of Engineering and Applied Science. Each student is assigned a departmental advisor and should check with the department office to verify the advisor's name. Departmental approval is required to assure that courses will apply toward the degree. Transfer students should check with their major department at the time of their first Registration for evaluation and acceptance of transfer credits.

General College Policies

- Students who have been on probation or suspension at any time in the past will **automatically** be suspended if their cumulative GPA again falls below a 2.00. All courses taken at any campus of the University of Colorado are included in the compilation of the cumulative average.
- Students must enroll for a minimum of 12 semester hours during the regular academic year, or petition for approval to take fewer hours. Students must petition to drop courses that will reduce the total semester credit hour load below 12 semester hours.

- Students are expected to fulfill all prerequisites. It is important to study the *Catalog* carefully because many courses must be taken in specific sequence. Students who receive a grade of **D** in a prerequisite course and wish to register for the succeeding course must petition to obtain approval of their major department, the instructor of the succeeding course, and the dean's office before enrolling for that course.
- The College of Engineering and Applied Science will not remove a grade of **F** or any other grade for any courses repeated. A student's cumulative grade point average shall include all academic courses attempted for grades at the University of Colorado.
- Students should note the restrictions on the Pass/Fail option given in the *Student Survival Guide* and check with their department office for specific departmental restrictions. Pass/Fail Forms require the signature of a designated faculty member of a student's major department plus dean's approval.
- No course required for graduation can be taken NC (No Credit). Students must petition if they wish to take a course NC.
- Students should carefully read the current Drop/Add Standard procedures policy in the front of this *Schedule of Courses*. Students should also **keep all Drop/Add receipts** until graduation.
- Students are encouraged to check with their instructors to make certain that they are officially listed on the class roster before the add deadline. Students will not be allowed to add classes after the add deadline.
- Final examination dates and times are printed in the applicable semester *Schedule of Courses*. Students should be careful not to sign up for courses that would require three or more finals on the same day.
- Engineering students are subject to disenrollment if they do not comply with the College of Engineering and Applied Science rules and policies.

Information for Graduating Seniors

- Students planning to graduate in December or May should complete a Diploma Application Form by October 1, 1985. Forms are available at Schedule and Bill Pickup or in the dean's office, EC AD 1-1.
- All graduating seniors should notify their major departments before their last semester or session on campus and carefully plan their schedules with their advisor's approval so as to assure fulfillment of all requirements for the degree. Tentative commencement lists will be posted on a bulletin board outside the dean's office. The name of each graduating senior should appear on this list. Each senior should verify that the name is spelled correctly and is given as it should appear on the diploma. Each individual's major should also be shown correctly. Please notify the dean's office of any errors on this list.
- Final grades for the removal of IFs and/or the completion of correspondence courses must be in the dean's office before final exams begin during the student's last semester or term.
- Minimum requirements for a B.S. degree:
 - 128 to 136 semester hours passed in a curriculum prescribed by the student's academic department.
 - A GPA of 2.00 for all courses attempted, for all courses that count toward graduation requirements, and all courses taught by the major department. Excluded from grade averaging is the letter grade **P** in Pass/Fail courses; these courses may, however, count toward graduation.
 - The last 30 semester hours must be taken as a degree student in the College of Engineering and Applied Science.
 - Recommendation by the faculty of the student's major department and the faculty of the College of Engineering and Applied Science.

Students may check with the dean's office to verify that they will have the total number of hours and grade point average required for graduation.

It is the student's responsibility to check with the departmental advisor on fulfillment of the specific requirements of the major department.

GRADUATE SCHOOL

Bruce R. Ekstrand, Dean
Regent 306, 492-7401

General Information

Consult the *University of Colorado at Boulder Catalog* and your major department for additional information concerning requirements for advanced degrees. All regular degree and provisional degree graduate students must have the approval of their authorized departmental representatives concerning their proposed program of courses for each semester and must plan their degree programs with their designated advisors. Admission to Graduate School is not equivalent to approval of candidacy for an advanced degree. A student who wishes to become a candidate for a degree must make application in the manner prescribed under the requirements for the degree sought.

Graduate Deadlines and Exam Dates

NOTE: Departments or program committees may have additional deadlines which must be met by graduate students in that department or program. It is the student's responsibility to ascertain such requirements and to meet them as designated by the department or program chairman.

Deadlines for master's degree candidates for Fall 1985

Qualifying Examination	Students should check with department.
Request for Transfer of Credit	Must be received in Graduate School by the beginning of the semester before the semester of graduation.
Application for Candidacy Form	Must be received in Graduate School at least 10 weeks before comprehensive-final examination is attempted. It is recommended that application be submitted the semester previous to graduation.
Diploma Card	Must be submitted to the Graduate School at the beginning of the semester of graduation.
Comprehensive-Final Examination	Examination must be scheduled by November 20 and completed by November 27 for December conferring of degrees. Students must be registered at the time the examination is attempted and must register during the regular Registration period.
Thesis Filed in Graduate School, Complete in all Respects	December 6 (two copies), for December conferring of degrees.

Deadlines for doctoral degree candidates for Fall 1985

Preliminary Examination	Must precede the comprehensive examination by at least two semesters.
Completion of Language Requirement	Before scheduling comprehensive examination.
Earned at Least Three Semesters of Credit	Before admittance to candidacy.
Application for Candidacy Filed in Graduate School	At least 14 days before comprehensive examination is attempted.
Dissertation Approved by Department	Student should check with department.
Diploma Card	Must be submitted to the Graduate School in the beginning of the semester of graduation.
Final Examination	Examination must be scheduled by November 19 and completed by December 3 for December conferring of degrees. Students must be registered for at least 7 semester hours of doctoral thesis at the time the examination is taken.

ARMY ROTC CAN HELP PUT YOU AHEAD OF THE CROWD.

12 FREQUENTLY ASKED QUESTIONS

1. WHAT IS ROTC?

It's an officer training program designed to develop college men and women for leadership positions as officers in the Active Army, Guard or Reserves. It's integrated with your other studies and is easily compatible therewith.

2. WHY SHOULD I TAKE ROTC?

Let's face it. When you graduate from college, thousands of others will receive their diplomas right along with you. What will give you the edge in the job market? Your winning smile, your eagerness to take practically any job, or the leadership and managerial experience gained through ROTC?

3. WHAT ELSE CAN IT DO FOR ME?

For one, with your Army commission you can serve on active duty or with the reserves upon graduation. With active duty you've got good pay, free medical-dental, 30 days paid vacation, and more. Additionally, you'll be gaining experience which could later serve as a stepping stone toward a job in the civilian market. With the reserves, you'll have the extra pay and managerial development that could pay dividends in your civilian career.

4. BUT I NEED FINANCIAL AID NOW! WHAT CAN YOU DO FOR ME?

All our students receive \$100 a month through their last two years of ROTC. In addition, we offer

fer 1-4 year scholarships worth up to \$7,000 a year. Third, we offer an SMP option which provides monthly reserve drill pay.

5. WILL I BE OBLIGATED TO LATER SERVE ON ACTIVE DUTY?

No. Our options include three and four years active duty, or we can **guarantee** your service in the National Guard or Army reserves. Your option!

6. IS ROTC JUST A LOT OF MARCHING AND PLAYING "ARMY"?

Decidedly not! We do march occasionally and of course practice some basic army skills, but that's only a small part of the program. The real emphasis is upon development of leadership and managerial skills. Very simply, we train you to lead.

7. IS IT ALL WORK AND NO PLAY?

No. ROTC has its fun times too. We offer a wide variety of extracurricular activities from the Military Ball to intramural sports, to camp-outs, to running marathons, to marksmanship, to first aid and survival training, mountaineering, to our own discos and plain old partying.

8. HOW MUCH TIME WILL IT TAKE?

Typically, you'll spend 1-3 hours a week with one class each semester, summers excluded. Depending upon your qualifications, you'll have an

option of pursuing either the two-year or four-year program. In the four year program, you incur no obligation through your freshman and sophomore years, thus giving us both the opportunity to look each other over before making a decision.

9. I'M PLANNING ON GRAD SCHOOL. HOW DOES THAT FIT IN WITH ROTC?

No problem here; currently educational delays are readily granted.

10. I MISSED THE FIRST TWO YEARS OF ROTC. IS IT TOO LATE FOR ME?

Not necessarily. Call us to discuss your situation.

11. I'M A VETERAN. DOES THAT MAKE A DIFFERENCE?

You bet it does! We welcome your experience. You'll be given advanced placement and receive your commission in half the time.

12. HOW MUCH CAN I EXPECT TO MAKE AS AN ARMY OFFICER?

As a Second Lieutenant on active duty you start out at over \$18,000, jumping to Captain and \$30,000 in four years. As a part-time officer in the Guard or Reserves, you make between \$2,500-4,000 a year for your one weekend a month and two-week summer training. (Doctors and other professional specialties receive bonus pay in addition to their normal salary.)
